Using one of the themes below as a starting point, write about a person, event or experience that helped you define one of your values or in some way changed how you approach the world. Please do not repeat, in full or in part, the essay you wrote for the Common Application.

1. Tell us about a person who has influenced you in a significant way.
2. *“One of the great challenges of our time is that the disparities we face today have more complex causes and point less straightforwardly to solutions.”*

Omar Wasow, assistant professor of politics, Princeton University.

This quote is taken from Professor Wasow’s January 2014 speech at the Martin Luther King Day celebration at Princeton University.

3. *“Culture is what presents us with the kinds of valuable things that can fill a life. And insofar as we can recognize the value in those things and make them part of our lives, our lives are meaningful.”*

Gideon Rosen, Stuart Professor of Philosophy and director of the Behrman Undergraduate Society of Fellows, Princeton University.

4. Using a favorite quotation from an essay or book you have read in the last three years as a starting point, tell us about an event or experience that helped you define one of your values or changed how you approach the world.
